

Accessibility Plan 2021-2022

Purpose of Plan

The purpose of this plan is to show how our educational setting intends, over time, to increase accessibility to the physical environment, the curriculum and written information so that all pupils/students with a disability can take full advantage of their education and associated opportunities.

Definition of disability

A person has a disability if they have a physical or mental impairment that has a substantial and long-term adverse effect on their ability to carry out normal day-to-day activities.

Key Aims

To increase and eventually ensure for pupils/students with a disability that they have:

- total access to our setting's environment, curriculum and information
- full participation in the school community.
- have access to our local offer
- have confidence that all of their physical, emotional, neurological and social needs are will be met

Principles

- Compliance with the Equality Act is consistent with our setting's aims and equal opportunities policy and SEN information report.
- Our staff recognise their duty under the Equality Act:
 - Not to discriminate against disabled pupils in their admissions and exclusions, and provision of education and associated services
 - Not to treat disabled pupils less favourably
 - To take reasonable steps to avoid putting disabled pupils at any kind disadvantage within our control
 - To publish an accessibility plan
- In performing their duties governors have regard to the Equality Act 2010

- Our setting
 - recognises and values the young person's knowledge/parents' knowledge of their child's disability
 - recognises the effect their disability has on their ability to carry out activities,
 - respects the parents' and child's right to confidentiality
- The setting provides all pupils with a broad and balanced curriculum that is differentiated, personalised and age appropriate.
- The setting will work closely with other agencies to ensure that we best support the needs of the young person and their family (e.g. working with Paediatricians Speech and Language Therapist, Occupational Therapist, Teachers of the deaf etc)

Increasing Access for disabled pupils to the school curriculum

This includes teaching and learning and the wider curriculum of the school such as participation in after school clubs, leisure and cultural activities or school visits.

- Our school offers a differentiated curriculum for all pupils.
- We use resources tailored to the needs of pupils who require support to access the curriculum
- Curriculum resources include examples of people with disabilities
- Curriculum progress is tracked for all pupils, including those with a disability
- Targets are set effectively and are appropriate for pupils with additional needs
- Provision of a robust and highly regarded Connected Curriculum.
- The curriculum meets the needs of all pupils
- Where necessary and possible, the environment is adapted to meet the needs of all pupils

Improving access to the physical environment of the school

This includes improvements to the physical environment of the school and physical aids to access education.

The environment is adapted to the needs of pupils as required. This includes:

- Ramps
- Corridor width access to all classroom
- Disabled parking bays can be made available
- Library shelves at wheelchair-accessible height

- Ease of access to all areas of the school beyond the steps
** School is a listed building and is currently accessed by steep steps**

Improving the delivery of written information to disabled pupils

This will include planning to make written information that is normally provided by the school to its pupils available to disabled pupils. Examples might include handouts, timetables, textbooks and information about school events. The information should take account of pupils' disabilities and pupils' and parents preferred formats and be made available within a reasonable time frame.

Our school will use a range of communication methods to ensure information is accessible. This includes:

- Internal signage
- Large print resources
- Braille
- Pictorial or symbolic representations (e.g. visual timetables, cue cards, PECs)
- Consideration of where resources are sited for access and visibility
- Colour of backgrounds
