

8th January 2021

Dear Parents

Thank you so much for your patience and understanding while waiting to hear more about how we will be delivering online live learning sessions for your child's class. There have been a few teething issues but we believe we have ironed them out.

Microsoft TEAMS will allow us to provide face to face learning for groups of children. The class teacher will let you know when the live sessions will take place.

The first session will be an opportunity for your child (with your support) to learn how the lessons will run and it will allow them the chance to practice getting onto their TEAMS account. We will send you an additional sheet to support this.

There are ground rules for meeting in this way which the class teacher will explain this to the children in the first session.

Each child will receive a personal login and password which will be sent via separate email. Please let us know if you don't received it.

The first meetings will take place on Monday.

Year 3 9:30 – 9:50 am

Year 4 10:30 – 10:50 am

Year 5 10:00 – 10:20 am

Year 6 11:00 – 11:20 am

A timetable for live lessons will appear on the class blogs on Monday.

We will be careful to gradually build up the number of live learning sessions over time and based on the feedback we are given about their success.

Kind regards

Kelly Edwards
Head of School
